TRANSPORTATION & DEVELOPMENT INSTITUTE

Join today for:

- Solutions to your technical questions.
- Innovations to keep you at the forefront of technology.
- Promotion of your profession.

At every stage of your career.

Helping the world get from point A to point B is your specialty

Giving you the knowledge to do it is ours.

Today, the production of context sensitive transportation design and “green” land development is on everyone’s mind. We know it’s more than just a concern for you – it’s your career. That’s why the Transportation and Development Institute (T&DI) provides an avenue for its more than 16,000 members to utilize and contribute to the newest innovations in transportation engineering and land use planning and development.

Here are just a few ways you benefit from being a T&DI member at any stage of your career:

- >> Unrivalled opportunities to meet new professional peers with more than 16,000 members
- >> Up-to-date information on new technologies and emerging trends
- >> Opportunities to build a professional reputation and credentials
- >> Tailored professional development programs – offered at significant discounts – to fit your specific career goals
- >> Leadership opportunities at the national and local level

Commitment to your career and profession.

From start...to finish.

Early Career —

- Be “in the know” on the newest innovative projects, technical news, upcoming training opportunities, and T&DI’s bi-monthly *T&DI Newsletter*
- Meet new people, develop new business clients, and interact with local and national leaders by joining your local T&DI technical chapter
- Land your first or next job with *Career Connections*, the interactive online job site just for civil engineers
- Excel in your professional career, and thrive in your personal life with insurance programs designed to protect you and your loved ones

Mid-Career —

- Customize your T&DI membership by identifying specific interests – www.asce.org/interests
- Drive the industry’s codes and standards through participation in one of T&DI’s 22 technical committees
- Find out how much you’re worth in the job market before taking the next step in your career or set the compensation benchmark for your company with the *Engineering Income and Salary Survey*
- Get legislative alerts on key transportation and development initiatives that directly impact civil engineers through ASCE’s Key Contact program
- Plan for you and your family’s future with one of three Group Term Life Insurance plans

Late Career —

- Stand and be recognized for your distinguished accomplishments through any of T&DI’s six honors and awards
- Guide younger engineers in your local community by joining the T&DI speakers’ bureau
- Share your knowledge by volunteering for disaster response initiatives like the Committee on Critical Infrastructure (CCI)
- Save on personal long-term care programs
